

New Found Records, Program EP 584
(Season Premiere Pt. 1)

DESCRIPTION/PLAYLISTS/BREAK TIMES

Airs September 12, 2020 on CHMR 93.5 FM

DESCRIPTION

New Found Records returns after a three month hiatus from the microphone.

Tune in to this season's premiere and treat your ears to rare NL vinyl that we added to the NFR library in recent months. It's a great playlist with a spin from **A. Frank Willis'** first LP, a record that's almost impossible to find. Also on the turntable, **Rex Hemeon's** follow up to *Bingo & Another World* called *General Hospital & Darts*. That record is also a tough one to come by. And you'll hear a real gem by **Ralph O'Brien & The Sons of Erin** from the early '70s. The song is Phil Coulter's *Scorn Not His Simplicity* and it did not appear on either of the Sons LPs! Ralph's rendition of this song blew my mind. And we've got a 3 minute drum solo from a single released by Gander's **Seven Years Later** in 1972. Plus there's plenty more vinyl treasures.

These are all records that you're unlikely to hear anywhere else other than The New Found Records Radio Hour. The show is a great listen. Be sure to check it out!
