"The Wayward Wind"

DESCRIPTION

New Found Records comes to you each week from Canada's windiest city, St. John's Newfoundland. For this episode we embrace the wind! We've wound up our phonograph and stacked it high with a dandy selection of breezy vinyl!

Tune in and treat your ears to BARRY CANNING's ultra-rare 45 rpm single... his only vinyl record. You'll also hear a track by the Honourable JIM MORGAN. Yes I'm talkin' about Jigger Jim! It's from a 45 rpm single that he recorded in 1964! Plus, you'll hear music from an obscure album by the legendary DAVE PANTING. The Newfoundland Herald named it the best local album of 1987, yet only 100 of them hit the bins!

In addition to those gems, we'll hear a number from JOAN MORRISSEY's hard to find debut LP and we'll spin rare vinyl by DICK NOLAN that didn't appear on either of his Lps. Lots more oldies but goodies too!
